COMMUNITY PROFILING

Your task is to map your local area. Think about what is next to your home, are there landmarks, shops or sports facilities? Draw where they are, in location to your house.

COMMUNITY PROFILING

Using the attached scrabble tiles, we want your family to list an A-Z with words that describe your community. It can be the name of local landmarks, shops or a description of your area. Don't forget to add up the total for each of your words.
