## Toilet roll Tic-Tac-Toe

The aim of the game is to get a line of 3 X's or 3 O's to win the game.

You take turns with a partner to place your X or O.

To place your X or O you have to complete one of the catching challenges. Whichever challenge you choose you only have 1 attempt to complete it.

If you fail your partner will have a chance to steal the space from you by trying to complete that challenge.
