Online safety:

It is important that internet safety and security messages are re-enforced during this time when we are expecting young people to be online more often. They may also be increasing their usage on devices during their own free time during this lockdown period. It is important that both players and parents are aware of the help and support available should they be concerned about something they have seen or experienced online. These include:

UK Safer Internet Centre <https://reportharmfulcontent.com/>

CEOP	https://www.ceop.police.uk/safety-centre/
Internet Matters	https://www.internetmatters.org/
NetAware	https://www.net-aware.org.uk/
ParentInfo	https://parentinfo.org/
ThinkuKnow	https://www.thinkuknow.co.uk/

We as a Club have also produced the following;

For your information the education team have introduced a google classroom where the U18 dial in and can chat to education staff and where the education team can show slides with information to share with the lads.

The year groups are given specific times to log on where we will have a minimum of 2 members of staff online for safeguarding boys and staff.

There could be the odd occasion when Simon James a member of the team may be the only teacher online. Therefore, for those odd occasions we have asked him to record any individual connections to help protect everyone.

Again, common sense protection, we don't normally have 2 teachers in the classroom on a normal day.

We must remember we have a safer recruitment policy and employ the right staff to do the right job.
