DESIGN TIME

Every team is unique with their own kit to stand out from others. Now is your chance to be creative and design a kit for your team.

DESIGN TIME

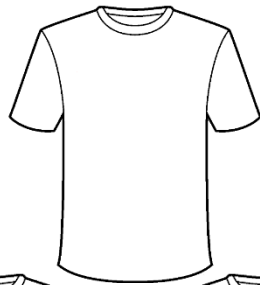

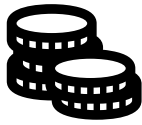

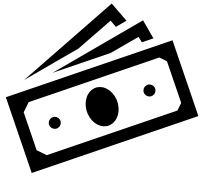

There is no football unless there is a match ball.
Design a football that would be used at every
home game for your team.

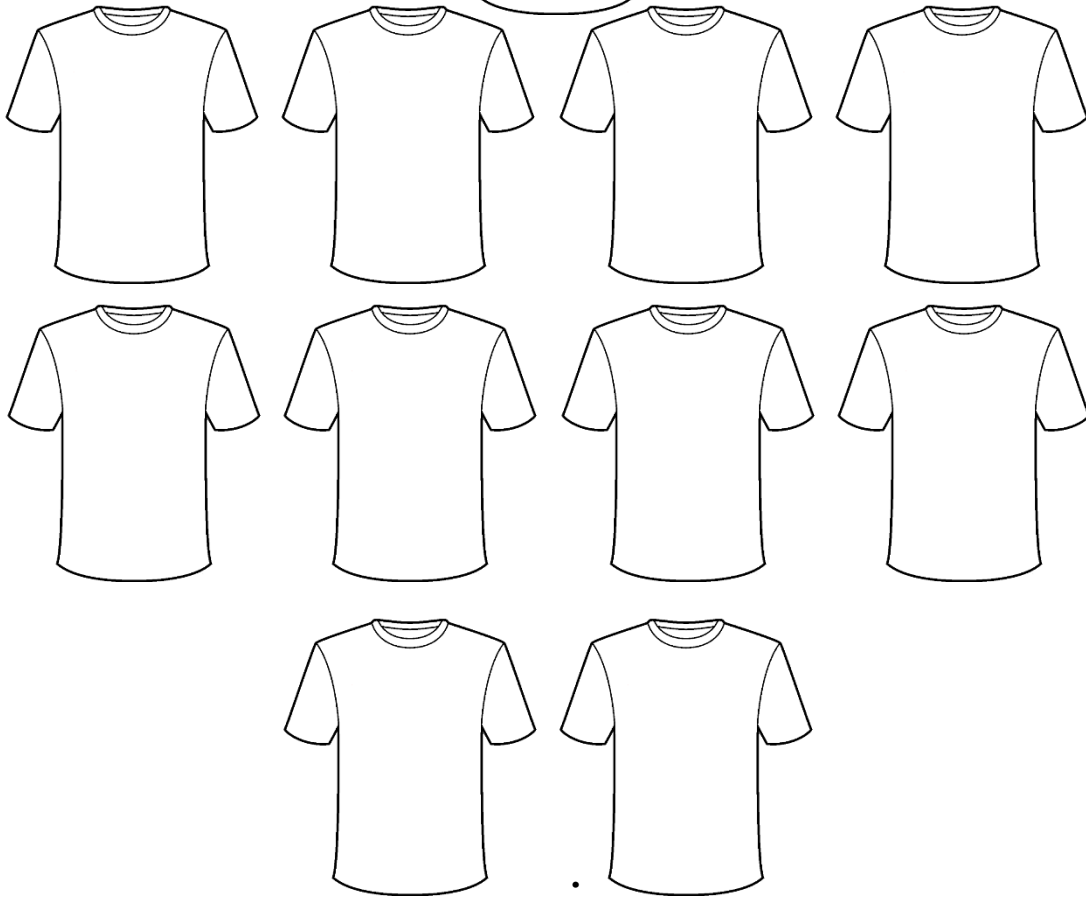

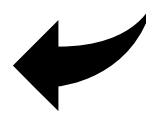

DEADLINE DAY

It's match day, however you can't play a game of football without a team!

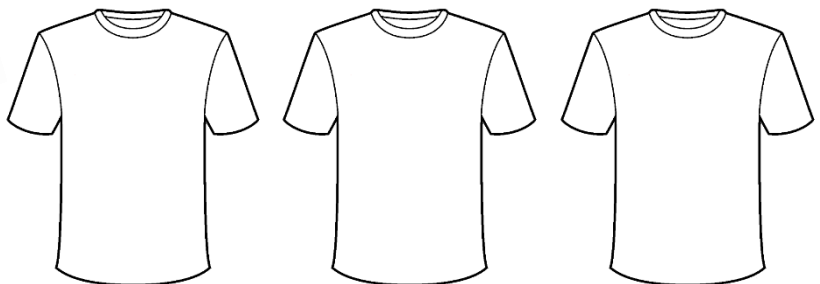

Who are you going to choose? Don't forget your substitutes in case someone gets injured.

FINGER FOOTBALL

Colour in and cut out the footballers below and host your own game of football. You can use anything for the match ball but a small piece of football squashed into a ball works well!
